"SPIRITUALLY HEALTHY FAMILIES"
Todd Core | Lead Pastor

TEXT: Philippians 3:17-21

Spiritually healthy families...

1) Need someone committed to leading the way (v. 17).

2) Need to monitor the influences that impact their home (Prov. 22:6).

a) Beware of earthly minded influences.

Indicator of this type of influence: Wretched conduct before God is their highest point of celebration (vv. 18-19).

b) Be intentional to find heavenly minded influences (vv. 20-21).

Indicator of this type of influence: Their life points to the hope found in Jesus.

ACTION: I'm asking every family to pray about what commitments are needed to become a more spiritually healthy family in 2024.

What to Expect this Month:

Week 1: Call for Spiritually Healthy Leaders

Week 2: Call to Promote Spiritually Healthy Families

Week 3: Call for Spiritually Healthy Stewardship (Call to fast and pray during this week)
